

Question and Answer Sheet for Companies

QUESTION:

What are the main benefits of booking the 'Dancing at Christmas' Show for companies?

ANSWER:

We come to you! The Show contains a professional light and sound set up which we put up at the venue of your choice. This means that you can nominate the most geographically central location for your staff and other guests. The set up and dismantling of the Show are hassle free and done by our staff.

You get to fully brand the occasion as an organisational event. It differentiates you from other companies in your ability to offer a full show as a gift to your staff for all their hard work throughout the year.

You choose the pricing of all components – the Show rate based on Earlybird discounts, venue hire and catering/beverage per head charges.

QUESTION:

Will buying the 'Dancing at Christmas' Show help us get organised for Christmas?

ANSWER:

Yes! Our booking system is second to none. Our Booking Form asks you about your client group. We offer various options ranging from do-it-yourself catering and venue hire through to supplying you with a venue and catering.

We also provide you with a Venue Requirements document as an Appendix to the Booking Form. This helps you to locate the ideal venue for your guests and the Show by priming you on the right questions to ask Events Managers working at Venues you consider booking.

Apart from mixing and matching the options you choose, we equip you with "THE ESSENTIAL CHRISTMAS ORGANISER'S FOLDER". In it you'll find a CD with invitation flyers made up for your client group (print your own – B & W or colour), an Organiser's Countdown to Show-time Calendar and confirmation of all the arrangements you've booked.

QUESTION:

What are the benefits of paying for and arranging our Christmas function in advance?

ANSWER:

The Show does get booked up very quickly. The earlier you book, the more likely you are to avoid disappointment!

The earlier you pay, the less the Show costs. This is because we can get organised earlier! You (or we) have enough time to shop around for reasonable venue and catering costs, before venues get caught up in the Christmas rush and there are fewer choices for dates and venues in your area of choice.
